Our Corporate Values

HONESTY & INTEGRITY: These are non-negotiable. We commit to these in our relationships with suppliers and customers.

HUSTLE: We have a strong work ethic. No company works harder.

EMPOWERMENT: We foster and encourage associates to take risks and self-initiate.

MUTUAL RESPECT: We require our associates to show respect to both internal and external customers.

FUN: It is important that we have fun and enjoy working with all of our associates.

COMMITMENT: We build relationships with customers and suppliers with the expectation of long-term commitments.

TRUST: We do what we say we will do.

**More than a resin
distribution company,
we help you run your
business better and
more profitably.**

Relentless Focus on Quality & Service

- Twenty years of experience conducting international business for the plastics industry
- Valued-added distributor of engineering resins & compounds
- In-house logistics experts managing incoming and outgoing shipments
- Full-time Asia support staff
- Custom formulations based on application engineering
- Range of 50 lbs. > T/L for custom compounding
- Coloring at a production level for economics and performance
- Established global relationships that connect our customers to our producers
- Warehousing for convenient, on-time delivery
- Onsite technical support for processing, part design, tool design and material selection
- Five-time Inc. 5000 award winner

This honor recognizes the 5000 fastest growing privately owned companies in the U.S. and further establishes our effective business model, continued success in plastics and most importantly, our dedication to providing the highest quality products while adhering to our fundamental values of integrity and professionalism.

ABS

- Clear
- High Impact
- Flame Retardant
- High Heat
- Extrusion
- Glass Reinforced
- Plateable
- Pre Colored

Acetal

- Multiple Melt Flows
- Glass Reinforced
- UV Stabilized
- Impact Modified

Acrylic

- PMMA
- SMMA

PBT

- High Flow
- Glass Reinforced
- Flame Retardant
- Impact Modified

Polyamide

- Automotive
- Industrial
- Prime
- Extrusion
- Glass Fiber/Bead
- Mineral Filled
- MoS2 Filled
- Long Glass Reinforced
- Carbon Fiber Reinforced
- High Heat
- Impact Modified

Polycarbonate

- General Purpose
- Glass Reinforced
- Compounding Grades
- Blow Molding Grades
- Extrusion Grades
- Structural Foam
- UV Stabilized
- Lens Grades
- Regulatory: UL, F1, FDA, SAE

Polyketone (Aliphatic)

- Multiple Melt Flows
- Glass Reinforced
- Flame Retardant

Polypropylene

- Generic Prime
- Mineral Filled
- Glass Reinforced
- Flame Retardant
- Long Glass Reinforced
- Custom Formulations

Polystyrene

- General Purpose
- HIPS
- Flame Retardant

PPE/PS

- Flame Retardant
- NSF/FDA
- Glass/Mineral
