### **NOTICE OF PRIVACY PRACTICES**

THIS NOTICE DESCRIBES HOW HEALTH INFORMATION MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

### I. OUR PLEDGE REGARDING HEALTH INFORMATION:

We understand that health information about your child and your child's health care is personal. We are committed to protecting health information about your child. There is a record of the care and services they receive from Summit Families First. This record is needed to provide them with quality care and to comply with certain legal requirements. This notice applies to all of the records of their care generated in a therapeutic capacity. This notice will tell you about the ways in which we may use and disclose health information about your child. It also describes your rights to the health information we keep about your child, and describes certain obligations we have regarding the use and disclosure of their health information. We are required by law to:

- Make sure that protected health information ("PHI") that identifies them is kept private.
- Give you this notice of legal duties and privacy practices with respect to health information.
- Follow the terms of the notice that is currently in effect.
- The terms of this Notice can change, and such changes will apply to all information we have about them. The new Notice will be available upon request, in our office, and on the website.

## II. HOW WE MAY USE AND DISCLOSE HEALTH INFORMATION:

The following categories describe different ways that we use and disclose health information. For each

category of uses or disclosures we will explain what is meant and try to give some examples. Not every use or disclosure in a category will be listed. However, all of the ways we are permitted to use and disclose information will fall within one of the categories.

For Treatment Payment, or Health Care Operations: Federal privacy rules (regulations) allow health care providers who have direct treatment relationship with the patient/client to use or disclose the patient/client's personal health information without the patient's written authorization, to carry out the health care provider's own treatment, payment or health care operations. We may also disclose protected health information for the treatment activities of any health care provider. This too can be done without your written authorization. For example, if a clinician were to consult with another licensed health care provider about a condition, we would be permitted to use and disclose personal health information, which is otherwise confidential, in order to assist the clinician in diagnosis and treatment of a mental health condition.

Disclosures for treatment purposes are not limited to the minimum necessary standard. Because therapists and other health care providers need access to the full record and/or full and complete information in order to provide quality care. The word "treatment" includes, among other things, the coordination and management of health care providers with a third party, consultations between health care providers and referrals of a patient for health care from one health care provider to another.

Lawsuits and Disputes: If you or the child are involved in a lawsuit, we may disclose health information in response to a court or administrative order. We may also disclose health information about your child in response to a subpoena, discovery request, or other lawful process by someone else involved in the dispute.

# III. CERTAIN USES AND DISCLOSURES REQUIRE YOUR AUTHORIZATION:

- Psychotherapy Notes. We keep "psychotherapy notes" as that term is defined in 45 CFR §
  164.501, and any use or disclosure of such notes requires Authorization unless the use or
  disclosure is:
  - a. For our use in treating the client/patient.
  - b. For our use in training or supervising mental health practitioners to help them improve their skills in group, joint, family, or individual counseling or therapy.

- c. For our use in defending ourselves in legal proceedings instituted by you.
- d. For use by the Secretary of Health and Human Services to investigate our compliance with HIPAA.
- e. Required by law and the use or disclosure is limited to the requirements of such law.
- f. Required by law for certain health oversight activities pertaining to the originator of the psychotherapy notes.
- g. Required by a coroner who is performing duties authorized by law.
- h. Required to help avert a serious threat to the health and safety of others.
- Marketing Purposes. Our psychotherapists will not use or disclose PHI for marketing purposes.
- Sale of PHI. Our psychotherapists will not sell your PHI in the regular course of business.

IV. CERTAIN USES AND DISCLOSURES DO NOT REQUIRE YOUR AUTHORIZATION. Subject to certain limitations in the law, we can use and disclose PHI without prior Authorization for the following reasons:

- When disclosure is required by state or federal law, and the use or disclosure complies with and is limited to the relevant requirements of such law.
- For public health activities, including reporting suspected child, elder, or dependent adult
  abuse, or preventing or reducing a serious threat to anyone's health or safety.
- For health oversight activities, including audits and investigations.
- For judicial and administrative proceedings, including responding to a court or administrative order, although our preference is to obtain an Authorization before doing so.
- For law enforcement purposes, including reporting crimes occurring on our premises.
- To coroners or medical examiners, when such individuals are performing duties authorized by law.
- For research purposes, including studying and comparing the mental health of patients who
  received one form of therapy versus those who received another form of therapy for the
  same condition.
- Specialized government functions, including, ensuring the proper execution of military
  missions; protecting the President of the United States; conducting intelligence or
  counter-intelligence operations; or, helping to ensure the safety of those working within or
  housed in correctional institutions.

- For workers' compensation purposes. Although our preference is to obtain an Authorization, we may provide your PHI in order to comply with workers' compensation laws.
- Appointment reminders and health related benefits or services. We may use and disclose
  PHI to contact you to remind you that you have an appointment. We may also use and
  disclose PHI to tell you about treatment alternatives, or other health care services or
  benefits that we offer.

### V. CERTAIN USES AND DISCLOSURES REQUIRE YOU TO HAVE THE OPPORTUNITY TO OBJECT.

 Disclosures to family, friends, or others. We may provide your PHI to a family member, friend, or other person that you indicate is involved in care or the payment for health care, unless you object in whole or in part. The opportunity to consent may be obtained retroactively in emergency situations.

### VI. YOU HAVE THE FOLLOWING RIGHTS WITH RESPECT TO YOUR PHI:

- The Right to Request Limits on Uses and Disclosures of Your PHI. You have the right to ask us not to use or disclose certain PHI for treatment, payment, or health care operations purposes. We are not required to agree to your request, and may say "no" if we believe it would affect the health care.
- The Right to Request Restrictions for Out-of-Pocket Expenses Paid for In Full. You have the
  right to request restrictions on disclosures of PHI to health plans for payment or health care
  operations purposes if the PHI pertains solely to a health care item or a health care service
  that you have paid for out-of-pocket in full.
- The Right to Choose How PHI is sent to You. You have the right to ask us to contact you in a specific way (for example, home or office phone) or to send mail to a different address, and we will agree to all reasonable requests.
- The Right to See and Get Copies of Your PHI. Other than "psychotherapy notes," you may have the right to get an electronic or paper copy of your child's medical record and other information that we have about them. We will provide you with a copy of the record, or a summary of it, if you are legally allowed to request it, within 30 days of receiving your

written request, and we will charge a reasonable, cost based fee for doing so.

- The Right to Get a List of the Disclosures We Have Made. You have the right to request a list of instances in which we have disclosed your child's PHI for purposes other than treatment, payment, or health care operations, or for which you provided us with an Authorization. We will respond to your request for an accounting of disclosures within 60 days of receiving your request. The list we will give you will include disclosures made in the last six years unless you request a shorter time. We will provide the list to you at no charge, but if you make more than one request in the same year, we will charge you a reasonable cost based fee for each additional request.
- The Right to Correct or Update PHI. If you believe that there is a mistake in PHI, or that a piece of important information is missing from the PHI, you have the right to request that we correct the existing information or add the missing information. We may say "no" to your request, but we will tell you why in writing within 60 days of receiving your request.
- The Right to Get a Paper or Electronic Copy of this Notice. You have the right to get a paper copy of this Notice, and you have the right to get a copy of this notice by e-mail. And, even if you have agreed to receive this Notice via e-mail, you also have the right to request a paper copy of it.
